ADAMS, R. CHARLES: Intravenous anæsthesia ..... §42
Adriani, J.: Chemistry of anæsthesia ..... §142
Amethocaine or nupercaine 90
Anæsthesia, chemistry of ..... §142
—— continuous spinal ..... †39
—— dangers of 1
—— evolution of, in Manchester, 1900–1945 115
—— experiments in electrical 45
—— general and curarine chloride 106
—— infiltration 122
—— inhalation ..... §75, §140
—— in operation for goitre ..... §43
—— intravenous ..... §42
—— museum of, in Australia 132
—— pulmonary complications following regional 55
—— synopsis of ..... §141
Anæsthesiology ..... §73, 74
Anæsthetic methods ..... §139
—— practice, use of curare in 34
Anæsthetics, practical ..... §82
Analgesia and Anæsthesia in Obstetrics ..... †137
—— continuous drop method for subarachnoid 60
—— epidural for Cæsarean section 24
—— spinal, with sacral escape 95
Ancient anodynes ..... §82
Arrowood, Julia G., and Foldes, Francis F.: Management of subarachnoid analgesia by continuous drop method 60
Asquith, E.: Curarine chloride as adjunct to general anæsthesia 106

B

BANKOFF, G.: Conquest of cancer ..... §143
—— The conquest of pain ..... §81
Barbiturate basal narcosis, experiments in 45
Barker, L.: Museum of anæsthesia established in Australia 132
Benton, D. G., Kaye, G., Orton R. H.: Anæsthetic methods ..... §139

C

Cæsarean section, epidural analgesia for....24
Centenary of Ether....83
Chivers, E. M.: Pulmonary complications following regional anæsthesia for abdominal operations....55
Chivers, E., and Scholefield, J.: Treatment of Hirschprung's disease by splanchnic block....85
Common cold....§143
Conquest of cancer....§143
Conquest of pain....§81
Continuous drop method for subarachnoid analgesia....60
Continuous spinal anæsthesia....†39
Crouch, D. M. E., and Merry, Edith S. M.: Epidural analgesia for Cæsarean section....24
Curare, use of, in anæsthetic practice and for treatment of spastic paralysis....34
Curarine chloride and general anæsthesia....106

D

Dangers of anæsthesia....1
Duncum, Barbara M.: Development of inhalation anæsthesia §75, §140

E

Elam, J.: Dangers of modern anæsthesia....1
Ellis, E. S.: Ancient anodynes....§82
Epidural analgesia for Cæsarean section....24
Ether, centenary of....83

F

Fabricourt, Noah D.: Common cold....§143
Folders, Francis F., and Arrowood, Julia G.: Management of subarachnoid analgesia by continuous drop method....60

G

Gradesby, G. H.: Carbon dioxide inhalation in prophylaxis of respiratory complications....†137
Gibbons, A. R., and Gordon, R. A.: Clinical investigation of Kemithal....†72
Goitre, anæsthesia in operation for....§43
Goodwin, J. F.: Post-operative pulmonary atelectasis....11
Gordon, R. A., and Gibbons, A. R.: Clinical investigation of Kemithal....†72
Gynæcology, text-book of....§114

H

HILL, E. FAULKNER: Amethocaine or nupercaine.....90
—— The evolution of anæsthesia in Manchester, 1900–1945 115
Hirschprung's disease, treatment of 85
Holmes, F.: Experiments in electrical anæsthesia and barbiturate basal narcosis 45

I

INFILTRATION ANÆSTHESIA of lower arm and hand.....122
Inhalation anæsthesia, development of.....§75, §140
Intravenous anæsthesia .....§42

J

JOHNSON, EMILY: P.P. intravenous needle 127

K

KAYE, G., ORTON, R. H., BENTON, D. G.: Anæsthetic methods ...§139
Kemithal, clinical investigation of .....†72

L

LIVINGSTON, MARTIN and WELLMANN: Continuous spinal anæsthesia†39

M

MACKENZIE, O. ROSS: Practical anæsthetics.....§82
Mackintosh, R. R., and Mushin, W. M.: Physics for the anæsthetist§113
